Sample Answers

1. What do you enjoy most about studying English?

Sample Answer:

What I enjoy most is being able to communicate with people from different countries. I also find it really **rewarding** when I realise that I can understand films or videos without subtitles.

2. How do you practise English outside class?

Sample Answer:

I **try to expose myself to English** as much as possible. For example, I watch series in English and sometimes **look up** new words or expressions that I **come across**.

3. Which school subject do you find most interesting?

Sample Answer:

I'm particularly **keen on** history because I enjoy finding out how people lived in the past. I find it **fascinating**, especially when we learn about major historical events.

4. Do you prefer studying alone or with other people? Why?

Sample Answer:

I tend to study alone because I find it easier to **concentrate** when it's quiet. However, studying with other people can be **really useful** when you need to exchange ideas or prepare for an exam.

5. What would you like to learn in the future?

Sample Answer:

I'd really like to **take up** another language, probably Italian. I think learning languages **opens up a lot of opportunities**, especially if you want to travel or work abroad.
